The Speakership.

Some little importance is at present attached to the election of Speaker for the Assembly by the incoming Legislature. Heretofore the Republicans have placed in office men worthy of the position, and it is earnestly hoped that they will not fail this year to carry out their old maxim, "the best man for the place."

Let there be a full discussion upon the subject of the Speakership, and let all good Republicans unite in giving support to competent and faithful men. By this policy we hope to gain the confidence and approval of all disinterested and honest citizens. Several names have been suggested for the Speakership, Mr. L. F. FAISBY of West Bend, Mr. COBB, FRANK, of Kenosha, Judge SPROOKS, of Walworth, and others, have been put forward for the place.

They are all good men, and worthy on account of individual merit to fill this office.

Mr. FAISBY comes from a strong Democratic district, and was elected by a large majority. He is a young man, self-made, of untiring industry, and well worthy of occupying the position. The other candidates are all good and tried men. It is hoped that a full discussion of this matter may result in the most favorable choice.

**THE VOTE FOR DOUGLAS**—The News very angrily accuses the SENTINEL of "obnoxious misrepresentation," because we said that if Missouri goes for BELL, "Mr. Douglas' only hope of carrying a single electoral vote rests on California." The News, with "characteristic" dishonesty, suppresses the "if," and claims that "Douglas has secured three electoral votes" in the State of Camden and Amboy, sometimes known as New Jersey. It will be quite time enough to count those three Douglas chokers, when they are taken off. Besides, says the News, Mr. Douglas "stands no good a chance of receiving the votes of Oregon, as of California. Missouri has probably gone for him, and he may get three votes in Texas."

Oh! yes. Mr. Douglas is about as likely to carry Texas, as Mr. LINCOLN is to secure the vote of South Carolina. As to the rest, just "wait and see," and meantime, brother News, "keep cool!"

**The Breckinridge Vote in the County.**

The vote of Dane County for Breckinridge is just 60. Two or three hundred would have been polled but for the few honest Democrats who still refuse to vote for the Union ticket. —*Auditor Argus & Democrat.*

A similar apprehension, no doubt, kept the Breckinridge vote in this county down to 39. The Bell men only polled 3 votes in Dane county. Where was the rest of the "Union" party?

**The "Secession" on CONY ISLAND!**—Far worse than the disunion movement in South Carolina, Georgia and Alabama, is the "secession" of Cony Island. Governor G. Davis has issued his proclamation. Cony Island no longer belongs to the United States. It is a separate empire. It seems that "the Pope" and the State of Camden and Amboy, alias New Jersey, are implicated in this wicked plot against the Federal Union. South Carolina wants to "secede," so as to escape paying her Northern debts. It is suspected that "the Pope" and "Camden and Amboy" are moved to a similar course, by the shell-fish dealers to secure the exclusive monopoly of Cony Island "claims." The rest of the Union is clamorous for revenge!

**IMPORTANT CORRECTION**—Yesterday we stated that BELL led BRECKINRIDGE four votes in this county. It now appears that BRECKINRIDGE led BELL one vote; the number being 39 and 38 respectively, in a poll of, say, 12,000 votes. Further returns may change this result, though they are not expected to affect the election of Mr. LINCOLN.

We heard a Bell man, yesterday, attribute the unusual result to the fact that they had only a "base drum," while the Breckinridges owned an "organ."

"SECESSION" IN BOSTON!—The following alarming announcement appears in the Boston Post, the editor of which paper occupies a lucrative post in the Boston Custom House.—A very pleasant desk in the Boston Custom House, for two years, Price to Abraham Lincoln.

The occupant of said "desk," following in the footstep of South Carolina, "refuses to hold office under ABRAHAM LINCOLN." How can the Union survive such a shock? *Et Boston!*

**BRAND FROM UNDER!**—According to the telegraph report, "ye arreves!" KENT, of South Carolina, made an "exciting speech" at Columbia, S. C., about midnight, Tuesday. Here is the synopsis:

He urged prompt and decided action. He said that Mr. Lincoln's "reckless and obstinate" course in South Carolina must be overthrown. If she could not accomplish it otherwise, she should "turn her arms around the pillars of the Constitution and divorce all the States in common cause."

There's a "Samson" for you! Oh, for a *Dalliah* to clip the locks of this Caroline!

**A VOICE FROM THE BRITISH STATE**—The New Orleans Pioneers bravely, unceasingly and effectually, for the main tenance of the National Union. It says: "Louisiana, we venture to affirm, will neither lead nor follow in any secession movement. She acknowledges a fealty to the Constitution, and regards her own honor too highly to favor extreme measures before they become the last alternatives. In the words of the illustrious JACKSON whose memory she reveres, she believes that "compared to disunion all other evils yet experienced are light, because that brings with it an accumulation of all."

**The "Secession" Fever Spreading.**—We learn that Under-Sheriff Brown tendered his formal resignation to Sheriff LANEWORTHY, the same to take effect on the 1st of January next—when his term of office expires. Who speaks next, gentlemen?

**HOLY O'S!**—The N. Y. Tribune, of Monday, figures up the Republican majorities in New York at 61,766. The Albany Evening Journal, same date, makes it 52,598. This is more than we bargained for. An even fifty thousand wins all our Republican bits.

The Vote of Illinois.—The Chicago Tribune of yesterday thus sums up the electoral vote of Illinois:

Lincoln, Doug. Bell Breck  
22 Couplers official.... 154,081 167,554 2,760 1,904  
" Rep. .... 5,159 5,141 ..... 10  
" in 1858 ..... 1,712 1,700 1,904

Total ..... 159,230 168,696 2,760 1,904

Lincoln over Douglas, 12,514.

The majority for Lincoln over Douglas in the State, can hardly fall below thirteen or fourteen thousand.

**New Jersey.**—The report is still kept up that a portion of the Republic's electors are chosen in New Jersey. The late Trenton paper divides the electors, "Fusion" 8; Republicans 4. But it does not give the figures upon which the opinion is based.

The Trenton Free Democrat of the 10th inst., seems to be confident of the fact; but we wait further advice. It would be a good joke, though, if "Camden and Amboy" had been beaten after all!

With Every One Should Have.—West, Parsons & Co. are advertising the campaign of Senator Seward's, with several of Col. Seward's, and one of his speeches, and secure more than double the amount of circulation.

The paper is well paid.

The Standard, having double the circulation in every, and more than triple that of any other paper, is well paid for its medium in Milwaukee for all classes of advertisements.

## TELEGRAPH!

REPORTED BY THE N. Y. ASSOCIATED PRESS FOR THE DAILY SENTINEL.

## The Diamond Movement.

WASHINGTON, Nov. 13.—Private accounts have say that the Charleston Light Infantry have taken charge of the Government arms in that city, supported by the federal authority in the absence of Government troops.

## CHARLESTON, Nov. 13.

The excitement continues intense. The people are determined to send delegates to the convention, pledged to give the State out of the Union, and to do all they can to keep it.

There are no including German companies, and out with State colors.

A great demonstration is projected for Thursday evening, to welcome back the delegation representing Charleston in the Legislature.

Deputations are continually coming from neighboring States, offering ready equipped military organizations, paying all their own expenses, to aid the State in their own exertions.

The West Point Rice Mill, the largest, has been turned last night. Loss \$200,000.

The Banks have not yet suspended, but the opinion prevails that they will be compelled to do so within a week. A large amount of Northern paper was laid over but not noticed.

Merchants are perfectly solvent and scorn the idea of repudiation. The crisis may arrive some time in the fall, but they are confident that they will stand at all times.

The money market is very stringent, and banks refuse to discount.

The ladies of the State have started a subscription for a testimonial to Caleb Cushing. It is proposed that it shall be a miniature in gold.

The Washington Light Infantry took charge of the U. S. Arsenal this morning. It is supposed there is an understanding between Gov. Gilmer and the President regarding this matter.

It is to be for the purpose of adopting a non-intervention trade policy with the Northern States, is talked of.

A boot factory at Cheraw is receiving heavy orders for the Southern army.

There are no Southern manufacturers not here, but no new orders to Northern manufacturers are sent, except for what is really necessary.

Lincoln has been buried in Elizabethtown. No one will be elected to the succession unless pledged to secession before the 1st of January.

MILLEDGEVILLE, Ga., Nov. 14.

Hon. Alexander Stephens and Herschel W. Johnson, made Union speeches this evening.

The bill appropriating a million of dollars to be used at the discretion of the Governor, for putting Georgia in a state of military defense, has passed the House of Representatives unanimously. And it is believed that the bill will be signed by the Governor.

RICHMOND, Va., Nov. 14.

Some Union men are making vigorous efforts to influence the sending of commissioners to South Carolina and Georgia, induce those States to withdraw from the Slave Conference, imagined as the Legislature is not in session. The probability is that the movement will fail to the ground.

Washington, S. C., Nov. 13.

The largest and most enthusiastic meeting ever held in Charleston occurred to-night, at Institute Hall, to rally the call for a convention by the Legislature.

The galleries were filled with ladies.

John C. Calhoun presided. Speeches were made by McGrath, Spratt, Root, Colcock, Bonner and others.

When a speaker declared the Union as dissolved, the enthusiasm was perfectly wild.

Deputations meetings were addressed by leading merchants, all declaring their readiness to sacrifice all in maintaining South Carolina's honor.

There is no longer any doubt but that South Carolina will secede.

Palmer's banners are multiplying.

The Courier office displayed the Palmetto flag, with the words: "South Carolina has moved, other States will follow." On the reverse was a single star, with room for others as they come.
